(3). If any sum due on account of a loan, whether in payment of the principal or of an instalment except in cases when the payment may be suspended as hereinafter provided in Rule 19 or of any interest chargeable thereon or of the costs, if any, incurred in making the loan, be not paid when the same becomes due, compound interest shall be chargeable on such sum from the date when such sum became due to the date of payment, at the rate of 6 per cent. per annum, or at such higher rate as in any special case may, under the directions of the Governor in Council, have been fixed in the conditions on which the loan has been granted.

Interest shall begin to run from a date to be fixed in this behalf by the authority who grants or sanctions the loans, but which shall not precede by more than six months the date fixed for the repayment of the first instalment of principal.

The object of such inspection shall be to ascertain and secure that each loan is duly applied to the purpose for which it has been made.

14. Every work for which a loan has been made in a lump sum shall be inspected and reported on to the Collector as soon as possible after the date prescribed for its completion in the order granting the loan.

Every work for which a loan has been granted by instalments shall be inspected and reported on to the Collector before each instalment subsequent to the first is paid and the Collector may suspend payment of any such instalment, if he shall think that any condition of the order granting the loan has not been complied with by the borrower.

15. The repayment of loans shall be made in instalments consolidating principal and interest, the amounts of which shall be fixed according to tables to be prescribed by Government.

The costs, if any, incurred in making the loan shall be repaid along with the first instalment.
